

# Bloom

## Bloom LED Pendant

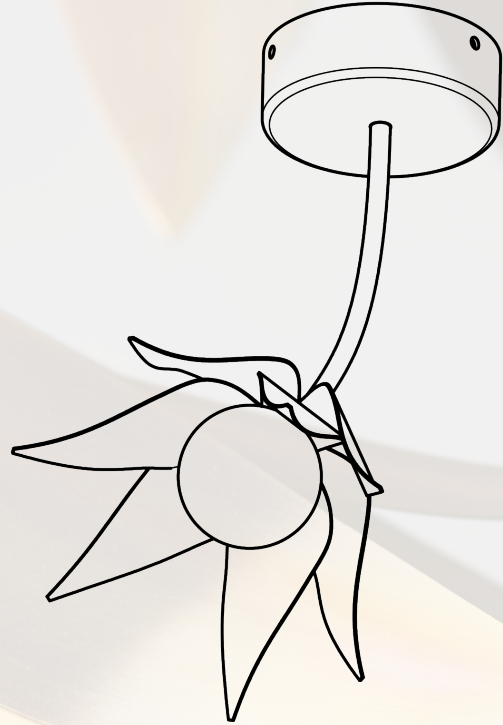

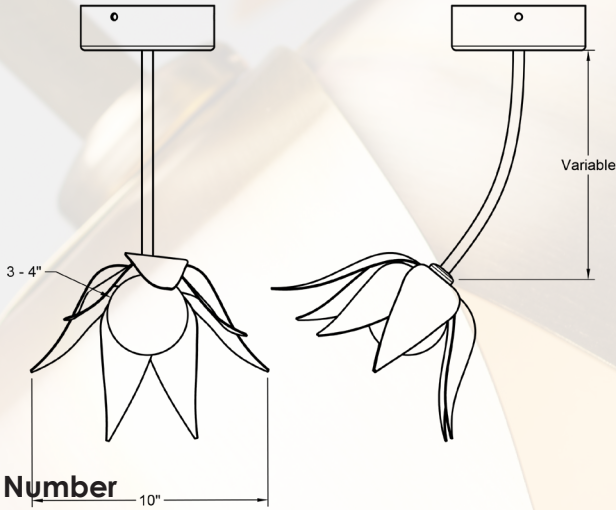

### Description

Bloom. Blending the latest in LED technology with artisan hand blown glass, and hand formed brass or copper petals. Bloom is based on an artist's interpretation of a floral arrangement, each petal is unique and individual, no two lights are alike.

Bloom uses a ridged drop tube installation. The drop tube is hand formed to create an organic form. Bloom also comes standard with our Dim to Warm COB LED technology, starting at 3000K and dimming down to 1800K.

Designed by Maurice Dery & Jordan Dery

### Size

### Model Number

Example : Bloom - PN00 - 1830LV - 01A1 - BRABRA - 01PH

Name	Style	Size	Color Temp	Power	Quantity	Canopy Style	Fixture Color	Canopy Color	Lumen Output	Dimming Options
