Harmony Chandelier

Description

Harmony is a mid-century classic lighting design. This project was a design collaboration with Yoko Ishihara of Wilson Ishihara Design and Karice Enterprises who brought the concept to life. The original idea for this light was conceived for the Hahn Family Wines Tasting Room in Carmel, California.

The light is composed of two triads. In music we have a harmonic triad, and hence we named our light "HARMONY".

Designed by Yoko Ishihara and Maurice Dery
