

# Luxennea Linked

## Luxennea Linked Chandelier

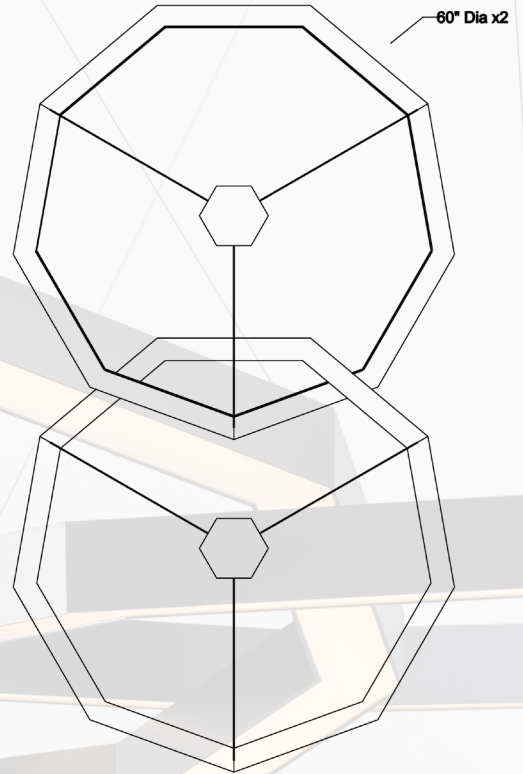

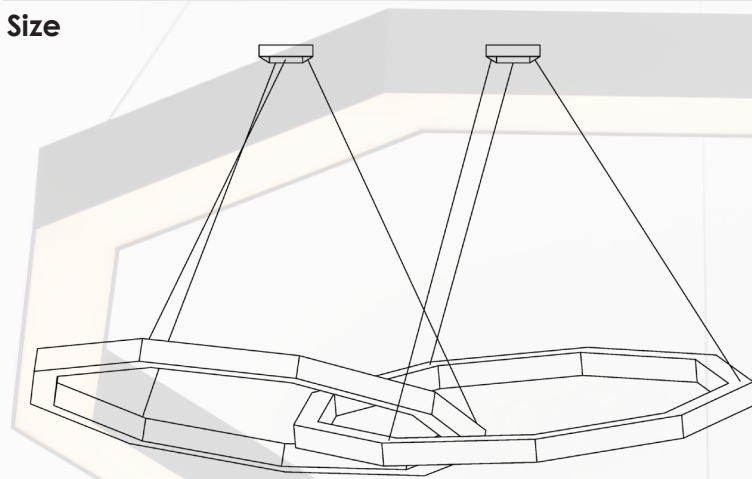

### Description

Luxennea aims to alter the status quo, as an expression of sophisticated simplicity. It is an illuminated ("LUX") enneagon: a nine-sided geometric shape. The enneagon shapes can be made in virtually any size.

Luxennea Linked, links two luxennea pendants together permanently. The two lights can be suspended together in numerous configurations. Luxennea can be illuminated either as a down light or with inner light.

Designed by Maurice Dery

### Size

### Model Number

Example : Luxennea - CH60 - 30LV - 02B1 - BKBK - 01PH
