Octave Chandelier

Description

The mid-century design element continues in this 8-lamp version of our Harmony Light Fixture. The lighting concept was designed for the Long Meadow Ranch in Philo California by Wilson Ishihara Design out of Sonoma, California. Design engineered and brought to life by the team at Karice.

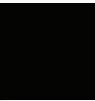

The Octave light illuminates with eight tilting shades. Using genuine brass swivels, the light can articulate to give varying angles of illumination.

Designed by Yoko Ishihara and Maurice Dery
